

INT. POLICE PRECINT

ANDY, 17, sits across from DET. CLARK.

DETECTIVE CLARK
So, why do you think you wanna
become a cop?

ANDY
I don't know. Seems sorta
interesting.

DETECTIVE CLARK
Interesting? No, you want
interesting try architecture,
photography or the stock market.

ANDY
Yeah, I thought of other things but
nothing really clicked. You know
what I mean? Then my guidance
counselor did this test with me
where he asked him what I like to do
in my spare time. You know, "if you
could do something that was fun for
you and you would enjoy it even if
you didn't get paid. That sorta
thing.

DETECTIVE CLARK
And?

ANDY
Well, I really like playing video
games.

DETECTIVE CLARK
What does that have to do with
wanting to work here?

ANDY
Check it out. Last week I got to
level nine of Grand Theft Auto.
That means I can steal a car, rob a
bank, take twelve hostages and fly
away in my private jet scott free.

Beat.

DETECTIVE CLARK
You lost me.

ANDY
I realize I truly understand the

criminal mind. And, I can either
use it for good or bad.
(then)
So here I am.
